MORE LINES AND BASIC SYMBOLS

Pneumatic energy source
(gas energy)

Hydraulic energy source
(liquid energy)

Permanent Magnet

Port exhausting to
atmosphere

Exhaust to atmosphere

Three-way rotary connection
(3 way)

Spring

Adjustable spring
Pre-set stroke limiter

Adjustable stroke limiter

Lockable

**Pressure Switch**

Pressure transducer (analogue)

Electronic pressure switch

Pressure guage

**Temperature guage**

Flow meter

Top: isolation valve (open for normal circuit)
Bottom: isolation valve (closed for normal circuit operation)

**Filter**

Air Breather

Filler-Breather

Dryer

Cooler

Heater
